## EYE STRAIN AND HEADACHE!

Straining the eyes not only injures those valuable organs, but disfigures the face and expression. Do you have headaches and dizziness after reading and sewing? If so, the whole trouble probably originates in defective vision and can be cured with proper glasses. But the glasses must be right in every way. Wrong glasses will increase the strain. Right ones will relieve it. You can be accurately fitted and satisfaction guaranteed by Dr. H. Robinson, physician and oculist, at the Sollenberger House, 132 Main St., Tonopah. No charge for consultation.

**Try Marine Eye Remedy**  
When Your Eyes Need Care  
Suffering from eye trouble, look to this remedy. It is the only one that will cure all eye troubles. It is the only one that will cure all eye troubles. It is the only one that will cure all eye troubles.

## SIXTY MILLIONS IN COPPER TAKEN FROM PORPHYRIES

OVER 230,000 TONS PURE METAL EXTRACTED SINCE 1908.

Every day, along the Nevada Northern branch ore line that passes through Ely on the north side of the city, nine, ten, or more trains of twenty-one cars each, loaded with ore from the Eureka, Liberty and Hecla pits of the Nevada Consolidated Copper Company near Copper Flat, glide swiftly from Robinson canyon with such regularity that the noise they make attracts but little more attention than the ticking of a clock; and for that reason, because local residents have grown so used to the trains, the magnitude of what it all means to the world rarely comes in mind; nor does any one watching a train roll along realize that, to bring down from the mines only the pure copper metal which the Nevada Consolidated has manufactured from the ore that has been carried along the same tracks, 134 of such trains, composed of 2820 cars, would be required. Assuming that the average copper content of all the ore was 1.7 per cent—the average for some years—and that only the pure copper which the ore contained had been hauled down the canyon, 192 trains made up of 4632 cars would have been required. On this basis the amount of ore which has been hauled through the city over the ore line branch has been 13,561,859 tons in 11,301 trains made up of 237,321 cars.

Since production of blister began at McGill in 1908 there has been produced up to December 31, 1913, 144,128 long tons, of 2240 pounds each, or 322,842,240 pounds. If the Nevada Consolidated sold this metal at an average price of 12 1/2 cents a pound, the company's income from this source must have been \$40,355,280; while if the price averaged 15 cents, the receipts have been the enormous sum of \$48,426,335.

Assuming that the actual amount of ore produced, 322,842,240 pounds, represents an average extraction of only 70 per cent, the actual amount of copper contained in the ore mined was 461,203,200 pounds, 295,894 long tons, or 239,603 ordinary commercial tons. The value of this metal if it could have been sold in the form of blister copper at 12 1/2 cents a pound would be \$57,650,400, while at 15 cents a pound the metal would be worth \$69,180,480.

It is reported that during the last fishing season 10,000 Japanese were employed in the fishing industry in the waters of the Russian Far East, and that the total value of their catch amounted to \$4,000,000.

## CLASSIFIED ADS.

WANTED—Competent girl for general housework in private family. Phone 2323, P. O. Box 642.

WOOD, coal and express signs for sale at the Bonanza office.

ALAMO 6-h.p. gasoline engine, new and in first-class order, will be sold at a bargain. Address "Alamo Engine," Bonanza office. J13-1f

## HARD TRAVELING CAUSED BY STORM LAST FEW DAYS

WASHOUTS AND MORE WATER THAN EVER SEEN ON THE DESERT

Those who were caught out in the recent storm are coming back to Tonopah with reports of severe experiences. Eugene Bertram was one of the bunch. He was on his way to Goldyke with Jim Skelton, A. D. Cox and Al. Haag. They left here last Sunday morning at 8 o'clock and arrived at their destination at 5:30 that evening after working and walking through seas of mud, fording streams where water never was seen before, digging roads through bottomless pits of ooze and building road most of the way. At Lone Wash they encountered the worst part of the journey and are willing to have the county commissioners install the bridge at that point for which an appropriation has been made. This bridge will be 22 or 24 feet long and 12 feet wide supported by a truss and will prove a great advantage to everybody traveling between Tonopah and the northeastern country, where there is a good deal of travel owing to the growing excitement over recent discoveries around Goldyke, Athens and Pactolus.

Letson Bullett and E. R. Paxson started for that district three days before and turned back after struggling for a couple of days.

Bertram returned last night bringing in C. K. Jarvis and Charles Steele of the Nevada Chief.

Walter D. Porth on his trip from George's Canyon took three days to make the journey that usually occupies two days with a team and had to leave his wagon and mules at Rye Patch. Porth says he never had such a time. In crossing the dry canyons his mules were carried off their feet by the force of storm waters that ran above the wagon bed and he only saved the animals succeeded in saving themselves and their owners was to swim.

The White Mountains between here and the Bishop country have more snow than at any time since the power company strung its lines across and the road from Lida to Oasis is said to be completely washed out so it cannot be repaired until after the spring freshets.

Rud Smith, line rider for the Pine Creek Cattle Company, one of the veterans of the range, reports there is four feet of solid snow packed close on the summits above Rye Patch. In the event of a warm rain this would come out with a rush and cause serious damage to the auto roads leading through Spanish Springs and Belmont. Live stock is in fine condition being in better shape than ever before. There was no ice to cover the feed and they will take on fat rapidly after the bunch grass gets started next month.

## AMUSEMENTS

## BUTLER THEATER

The program at the Butler theater tonight is a very interesting one, as follows: "What Shall It Profit a Man," an Edison drama. Storm swindles his partner out of a rich mine and ruins him. Storm's wife discovers his villainy and denounces him while he is making a political speech. His partner hears her denunciation, breaks into the house and nearly kills Storm who is rescued and makes restitution. "Deception," a Vitaphone comedy; "The Resurrection," a Pathe feature with Irving Cummings as the hero and Mildred Oaks and Pearl Sinden in the leading feminine roles. The artist's model induces Bruege to marry her so she can leave him her money. Later she comes to life at the undertaker's parlors. He marries again and later his second wife deserts him. He then finds happiness with the first, whom he meets at the studio. Because of the films coming in so irregularly, Pathe weekly will be shown tomorrow instead of today. Thursday, "Wild Beasts at Large," in two reels.—Adv.

## NEVADA THEATRE

Friday Night, Feb. 27th

A. MAYO BRADFIELD OFFERS

WILBUR HIGBY and ROSE AINSWORTH

Prices 50c, \$1.00, \$1.50 SEATS ON SALE NOW AT MINERS' DRUG STORE

## PASTIME THEATER WILL OPEN HERE SUNDAY NIGHT UNDER MANAGER WARREN

Walter G. Warren will on Sunday night next open a theater. A rather interesting feature of the "Pastime" theater, as Mr. Warren has designated it is the character of exits, numbering four, and the attention otherwise he has given to sanitary ventilation. The show house has a seating capacity of 490 and an atmosphere of inviting character.

Mr. Warren will have installed two Powers' machines (vintage of 1914). They have already arrived. Two picture machines are necessary in any picture house, because they prevent delays and cause comfort for folks attending and intending to be entertained.

Mr. Warren's picture service should invite a liberal public to an encouraging forefront—to which they are truly entitled. The wheels of the

## PERSONAL

Comings and Goings of Local People and Others.

R. C. GRIER, of the L. V. & T. Railroad, is over from Goldfield.

LOUIS SPELLIER, of the Reno Gazette, is visiting Tonopah completing industrial investigations for his paper.

R. E. MORROW, of Morrow & Hussey, accompanied by Master Ellsworth Hussey were passengers this morning for San Francisco.

MRS. M. MALONE, of the Shop of Fashion, has gone to San Francisco for her regular spring buying, and will return next week with a complete new stock of goods.

S. C. DINSMORE, pure food commissioner, accompanied by M. B. Kennedy, of the same department are here looking after public interests of their which include checking weights and measures.

Men and books encourage women to be sirens and vampires and suffragettes, when heaps of them who try to fill these roles are really only fitted to be wives and mothers and cooks.

Henry Martin, secretary of a cotton manufacturing company at Farnworth, England, has just completed 60 years' service in the employ of the firm, with which his family has a record of 270 years' service.

Proof of labor blanks for sale at the Bonanza.

J. E. DARMER, Secretary of said Company, 403-4 Continental National Bank Building, 27 East 2nd South Street, Salt Lake City, Utah. F17

## NOTICE TO PARTNERS.

William Pierce, your heirs, executors and assigns—You are hereby notified that the undersigned have expended during the years 1912 and 1913 the annual amount of money, in labor and improvements necessary to comply with the annual assessment law upon the Dividend, Dividend No. 1, Dividend No. 2 and Dividend No. 3 quartz mining claims situate in the Ellendale Mining District, Nye County, Nevada. Said expenditures were made for the purpose of holding possessory right and title to said mining claims under the provisions of Section 2324 of the Revised Statutes of the United States. If you fail to contribute your proportion of such expenditure as a co-owner in and to the above-mentioned mining claims, your proportion being in the sum of an aggregate \$177.77 for the said two years, your interest in said the undersigned, who have made the expenditures and improvements as above-mentioned, pursuant to the provisions of said statutes.

CHARLES CLARK, GEORGE CLARK. Date of first publication, January 5, 1914.
